

Description (Sample Specification Language)

Designed to be mounted inside stub bay just like our current AP-Stub; can be sheet-rocked over

Features:

- Fixed Point Termination for two appliances (1/2" & 3/4" NPT)
- Reduces the number of joints in the system
- Creates a polished look to the overall installation

Listings:

- CSA: Certificate No. 2728525
- ICC-ES: Report No. PMG 1019
- IAPMO: File No. C-3250
